**Term and Conditions 4f**

4. The Corps shall implement an adaptive management process to review results of the monitoring program and other applicable new information and determine actions necessary to minimize any adverse Project effect:
  - f. The Corps shall submit the final design of the adaptive management process to NMFS by December 15, 2002 for approval.

---

**Action Plan:** A decision was made on how to proceed with the adaptive management plan at the interagency December 13, 2002 meeting. It was decided at that meeting to contract out the development of the plan with a recognized expert on adaptive management. Based on this decision it was decided that it would be worth postponing the scheduled date until spring in order to get a better plan.
